

MONTHLY NEWSLETTER

WHAT HAPPENED

This month we restarted our Parent-carer respite sessions with a lovely tea party hosted by the Weller centre and a male carers night at Phantom brewery. We had our Halloween party as a thank-you to our regular families. We have continued providing our 3 free support groups weekly to ensure families have a safe, inclusive space to socialise.

WHAT'S HAPPENING

As always we are still on the hunt for a permanent location. We are applying for grants to help us achieve this dream. We also have plans in the works for trips and experiences next year.

We are looking at other venues around Reading whilst we work on our dream, We are planning fundraising events to help with the costs of running a C.I.C including venue hire and new equipment.

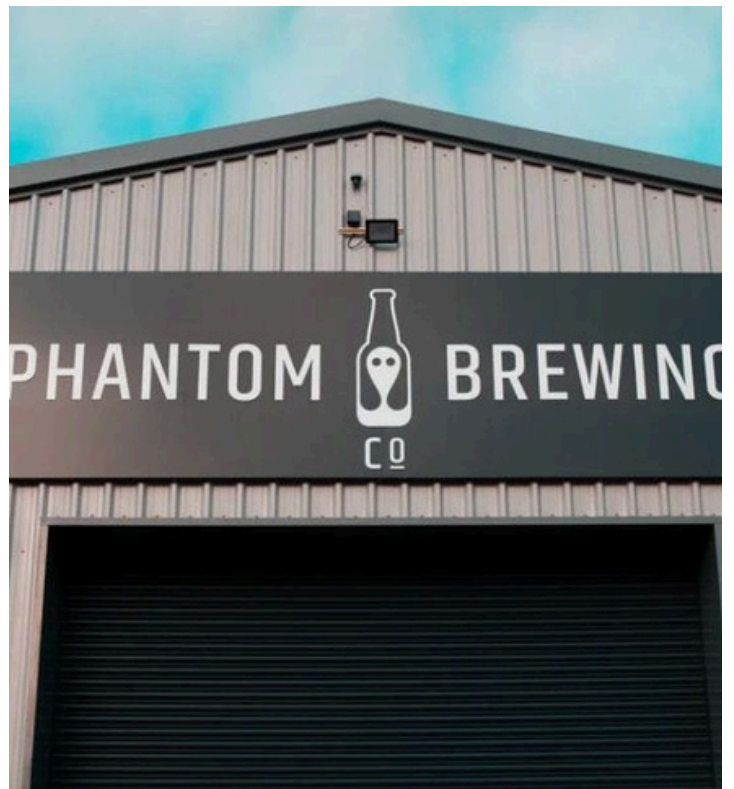

FUTURE PLANS

We have plans in the works for trips and experiences next year. We are very excited for Christmas and will be starting our Christmas themed groups next month. We will, as always, post in the closed group all the information for groups but we will be taking a break for Christmas between 21st Dec- 5th Jan.

THANKYOU

We would like to say a huge thankyou to all of our donors. This month we would like to say thankyou to Phantom Brewing co. for their generous donation. We had our male carers night here and fun was had by all, the men definitely recommend the venue and will be attending again.
